SEPARK, HICKS & CO., Engineers, Iron Founders and Machinists,

RALEIGH, N. C. Manufacturers of

STATIONARY ENGINES, BOILERS, COTTON GINS, COTTON PRESSES, MILL, and MINE MACHINERY, SAW MILLS, MACHINERY in general and PLOWS

of the most improved paterns. STEAM ENGINES, BOILERS and all classes of Machinery repaired in a mechanical way with promptness.

Castings of all descriptions furnished to order at short notice, All the different kinds of Plows formerly made by Separk, Hicks & Co. are being manufactured, and are new offered at the lowest prices consistent with good material and workmanship.

Mr. J. H. Separk will remain with us in charge of the Foundry.

We will pay the highest price for old castings and want immediately 100,000 pounds.

FERTILIZER.

FERTILIZER.

W HANN'S RAW BONE SUPER PHOSPHATE. The unexampled success of this renowned manure during many years, has won for it a reputation which few other fertilizers can claim. Its sales are very extensive in all parts of the country, especially in those parts of the South where cotton and corn are largely grown. So decided and positive have been its results on these important staples, that in many sections it is preferred to all other manures.

Whann's Raw Bone Super Phosphate

is prompt and active in its effects. It starts the young plant vigorously, and by furnishing a steady supply of nutriment during the period of its growth, brings the crop to a healthy maturity in time to escape the ravages of early frosts.

We offer this well known fertilizer to our friends, confident that they will concur in the orinion of the leading planters of the South, that for Cotton and Corn it is unequalled.

WILLIAMSON, UPCHURCH & THOMAS,

Manufacturers' Agents, Raleigh, N. C. A. B. STRONACH.

G. T. STRONACH, W. C. STRONACH.

STRONACH BROS.

We offer for sale as successors to G. T. STRONACH & BROS. in Guano the celebrated

Sea Fowl and Bradley's Super Phosphate.

We append a list of Farmers who have used the above mentioned Guano during the past seasen. We certify that no objections have been raised so far to either of the above Guanos. And we guarantee each fertilizer to come up to the analysis required We, in common with Mr. Bradley, believe the new law passed by the General Assembly of North Carolina, as a protective law for the farmers of the State of North Carolina, to be a desirable law, and one which we have desired, to prevent fraud. The Fertilizers which we sell are guaranteed to come up to the analysis standard. We advise our farming community to use

SEA FOWL AND BRADLEY'S SUPER PHOSPHATE.

They have stood the test of years and have no equal.

H . E SOLUBLE

AMMONIATED

PHOSPHATE

Is said to be the best fertilizer ever used, and is the cheapest by \$5.00 per ton of any Standard Fertilizer sold in the State. Gentlemen who used it last season and have bought again this, WRITE US CONCERNING ITS EFFECT as follows: WAKE COUNTY, N. C., December 21, 1873,

Messrs, A. C. SANDERS & CO., Raleigh:
Gents—I used the ten (10) tons of the Star Phosphate bought of you last Spring, and it turned out as well, if not better, than either of four different kinds that I used. I am well pleased with it and wish you to reserve me some for next season.

Vonrs truly.

WAKE COUPT, N. C.,

WAKE COUPT, N. C.,

Ref. C., SANDERS & CO., Raleigh:

Gents—I used the ten (10) tons of the Star Phosphate bought of you last Spring, and it turned out as well, if not better, than either of four different kinds that I used. I am well pleased with it and wish you to reserve me some for next season.

RUFUS J. IVEY.

NEAR RALEIGH, N. C., December 13, 1873.

MESSES, A. C. SANDERS & CO., Raleigh:
Gents.—The Star Phosphate bought of you last season acted exceedingly well on
my plantation, and I shall use it altogether next season.

Yours truly,

WILLIS H. WHITAKER.

FRANKLIN COUNTY, N. C., December 22, 1873.

MESSAS. A. C. SANDERS & CO., Raleigh:
Gentlemen—I cheerfully recommend the Star Phosphate I bought of you last season
as a No. I Fertilizer. It think it equal to any I ever used.
Yours truly,
Yours truly,

BEAUFORT COUNTY, N. C., December 29, 1873. MESSAS. A. C. SANDERS & CO. Raleigh:
Gentlemen—I take pleasure in recommending the Star Phosphate, bought of your last Spring, to all farmers as a No. 1 fertilizer. I co sider it equal to any I ever used.
W. A. BLOUNT

THE GRAVES COTTON PLANTER.

Save your money, time and abor by using the GRAVES COT FON PLANTER. It sows the seed without the usual trouble of rubbing and with much more regularity and precision. It will sow from 11 of bushels to the acre. It opens, sows and covers at the same time and requires only one I hand. We refer to the well-known farmers below: W. H. Holleman and T. F. Lee, Wake county. Gen. Joshua Barns, G. W. Baretoot, Wiley Simmons, W. F. Green, Edgecombe county; N. W. Williams, B. D. Rice, and Borden & Kornegay, Wayne county.

A. C. SANDERS & CO.,

SOLE AGENTS, RALEIGH, N. C.

They will please renew AT ONCE, as the CASH SYSTEM adopted by us will necessi-tate the dropping the names of all parties not renewing. We hope our subscribers will take due notice of this fact and govern themselves accordinly.

LOCAL MATTER.

E. C. WOODSON, City Editor.

SPECIAL CITY ITEMS. THE STATE AGRICULTURAL JOURNAL may be had at Branson's Book Store, only

5 cents a copy. jn18-tf DON'T BE IDLE .- Several capable men are wanted at the N. C. Insurance Bureau. Ap-

J. H. DURLAND, Manager, 12 Fayetteville st., Raleigh.

LOCAL BRIEFS-

The Mayor was idle yesterday so far as criminal cases were concerned.

Mr. Wetherell, father of the efficient Clerk of the Auditor's Department, is on a visit to his son.

Juvenile books are now very hand-

somely illustrated. See the latest and best at Branson's Bookstore. Mumps continue on the swell here,

The Public Treasurer yesterday paid out \$8,000 of the penitentiary appropriation for the support of this institution.

There are a couple of white Albinoes, a girl and a boy, at the Institution for the Deaf and Dumb and Blind. They are both blind. Warrants to the amount of \$5,000

Asheville turnpike road claims. It is said that free school houses in this city, designed for the use of white children, are rented out and

I N D E R THE NAME AND STYLE OF Ward, is recovering from his wounds.

Some eight or ten of the pupils of the Institution of the Deaf and Dumb and Blind will be baptised on Sunday evening at the Salisbury street Baptist church.

Craven county has sent to the Treasurer of the Board of Education \$387, the fines and penalties collected up to January 1st, 1874.

their apportionments of the common school fund for the present year. About \$5,000 was apportioned during the month of January.

these appeals in the negative? Since the beginning of the year eight pupils have been admitted into

the Institution for the Deaf and Dumb and Blind. Thirty more pu-

him to-morrow afternoon, at 4 o'clock, in the Hall of the Good Templars. A juvenile temperance society will be organized. The young ladies of the Baptist

Female Seminary, the other afternoon, visited the Institution for the Deaf and Dumb and the Blind and spent a couple of hours very pleasantly and profitably.

It is sincerely to be hoped that the city authorities will adopt some sort of ordinance for the suppression of dogs during the summer months. and howls.

and yet county paper is subjected to a shave of about 15 cents in the dollar. Common citizens can't comprehend. Will not some brother speak out in meeting?

county from December 31st, 1873, to March 2nd, 1874.

pupils of the Institute in this city, Messrs. Page and Watson, have opened a broom and mattress establishment in Salisbury. We hope they will be encouraged, as they are capital workmen.

Calvin Rogers, it is said, resigned his newly obtained position as Route Mail Agent between this city and Norfolk because mileage was not one of the perquisites of the office. It is reported, and with how much truth we know not, that Calvin craves to be a County Commissioner again. Solicitor General Phillips' old mule has gone into training again. Those that can't see the

who is charged with having murdered his wife in Greene county in 1869, is now said to be in jail at Fernandina, Fla. Steps will be taken to investigate the matter, and should the prisoner be identified a requisition for his delivery will be made on the Governor of Florida, which, it is hoped, will meet with more success than the one for Littlefield. We don't suppose the nigger has enough money to ingratiate himself into the good graces of the Governor of that

The last vestige of the former residence of J. R. Williams, Esq., corner of Martin and Wilmington streets, has disappeared. We learn that Messrs. L. H. Adams, G. T. Stronach and Rev. J. B. Bobbitt, the purchasers of the ground, will soon commence the erection of handsome brick stores on the site.

There have been more free schools in operation in this State during the past six months than at any one time previously. Why is it that there are no free schools for white children in this city? It is reported that the school fund of this township now on hand is over \$2,000. What are our School Committeemen doing? Echo answers, "nothing, and never will."

The square in front of the Institu-tion for the Deafand Dumband Blind, recently purchased by Captain Timberlake, of the Raleigh & Gaston Railroad, from the estate of the late Dr. Cook, is being fenced in. Building lots are being laid off preparatory to the erection of handsome private residences. Western Ward is showing a degree of prosperity which reflects credit on the whole city.

The report that three young revolying Radical legal lights would take up their residence here and contend for the nomination of Solicitor, spoken of in our last issue, is, we learn, not true. We hope that Mr. Argo is no longer agitated; Mr. Bullock less blatant; Mr. Harris more in harmony with hungry horde of his hybrid party and that Mr. Purnell perfectly passive plainly perceiving perfectly passive, plainly perceiving that he has no prospect, will be per-mitted to pompously pass off the platform.

We learn that John Nichols, Esq. Principal of the Institution for the Deaf and Dumb and Blind, will attend the semi-annual Convention of Instructors of the Deaf and Dumb at Belleville, Canada, July 20th, and the semi-annual Convention of Instructors of the Blind, at Batavia, N. Y., August — The Convention which is to be held in Belleville was invited to assemble in this city, but declined on account of the warmness of the weather in this latitude during the month of July.

The case of the State vs. the Richmond & Danville Railroad Company will be argued in the Supreme Court to-day. Attorney-General Hargrove, wards & Batchelor appear for the State, and Messrs. D. G. Fowle, Mernight during the row in Eastern Badger for the defendant. This is, we believe, the injunction case concerning the alteration of the gauge of the North Carolina Railroad west of Greensboro.

The Queen of the South Lodge of Good Templars (colored) paraded our streets yesterday, headed by Stanley's band. The procession was quite a handsome one. This lodge now numbers over 500 members and receives weekly additions. We are glad to see this, and hope that the lodge will continue to grow and prosper.

After the parade was over the Hall of the Lodge, over Tupper's Church, was formally dedicated. Speeches were made by Rev. G. W. Brodie, T. N. Ramsey, C. N. Hunter and others. Thus closed the first anniversary celebration of Queen of the South Lodge, I. O. of G. T.

QUARTERLY PARADE OF THE RESCUE FIRE COMPANY.—Yesterday afternoon the Rescue Steam Fire Engine Company made their regular quarterly parade, Stanley's Cornet Band furnishing the music. There was a very full turnout, and the Company very gallantly gave the young ladies of the Baptist Female Semi-nary and Peace Institute an opportunity of seeing their magnificent engine and handsome uniforms. The engine was taken into the Capitol square where water was procured from one of the cisterns, and the o'd building received a thorough wetting. A strong and beautiful stream was thrown far above the dome. We understand that the Rescue, together with the Hornet's Nest Company, of Charlotte, will visit Columbia, by invitation, sometime during the month of May, when the capacity and power of the engines of the three cities will be tested. Charlotte and Columbia had better look very sharp or the Rescue will bear off the honors.

NOTICE-GUANAHANI GUANO.-In consequence of the law passed by the General Assembly of North Carolina, entitled "an act to prevent frauds in the sale of commercial manures," this Company has determined to withdraw its guaranteed analysis contained in newspapers, circulars, etc., and will hereafter brand the actual cargo analysis on each bag of the same, with name of vessel in which it was imported. GUANAHANI GUANO CO.,

Per.WM. R. GRIFFITH, General Agent. Petersburg, Va., March 2d, '74.

[For the Daily News. We would suggest the propriety of the citizens of Raleigh calling a meeting of consultation in regard to the approaching municipal election. We would propose that the meeting be irrespective of party and color, and that it be simply and solely one for all who are interested in having an honest and efficient city government. Let the friends of honesty and economy move at once

in this matter.

MANY TAX-PAYERS. March 5th, 1874.

"THE PEARL OF SONG."-The New York Comedy Theatre Company open at Tucker Hall on Monday to fill an engagement of four nights. Miss Clara Wildman, the charming actress and "pearl of song," is the star and is supported by Mr. J. F. Wildman. Miss Wildman is spoken of as an actress of great merit, and we hope she will come up to the expectations we have been led to en-

The Kansas House of Representa-tives, by a vote of 74 to 20, have adopted resolutions of impeachment against State Treasurer Hays.

SEND FOR JESSE HOLMES .- An old farmer of this county has just been "done for" by one of those numerous Chicago swindles. Instead of keeping his folly to himself, he wants to go into print and tell all about it. We propose to gratify him by publishing the following card detailing the pathetic story: the pathetic story:

Editors of the News:—I wish to say

to the public through the NEWS, that I have bought a whistle, and though it cost several dollars, I hope, yes believe, that it will prove in the end a capital bargain to me, and a warning to the readers of the News.

One Geo. B. Hodge & Co., of Chicago, have, by the lies they have printed, and all other mean tricks that men could stoop to swindled

that men could stoop to, swindled myself and a good many good old honest farmers, with what he called the "Fourth Grand Sale of his Dollar Goods." They also published a monthly, and in their paper they promised to do everything that was just, fair and honest. They sold their goods by first selling certificates at 25 cents apiece, cash, and after, the shipment of the goods was to take place, which was the 19th of December. No goods have come 'yet. We believe now that they are a band of robbers, organized on purpose for cheating the honest people of the country who may be led to believe in their sales as we were. And it will be well for any and all who purchase goods of any kind, or any article of trade of Northern firms, who advertise to do so fair, so honest and so cheap, to look well before they jump. Don't buy a "whistle" as I have. After reading this, beware of false dealers, quacks, and remember that

"all is not gold that glitters." Chicago Tribune please copy.

A SUBSCRIBER. TRINITY COLLEGE ITEMS.—Our pecial correspondent at Trinity Colege sends us the following items:

On account of a sudden accumula-tion of business the senior class did not go to Washington as was anticipated. We were sadly disappointed, since we have understood that the government officials had postponed their business in order to have time to entertain us. Dr. B. Craven will deliyer a tem-

perance lecture in Lexington this week. I hope he will tell them something about "Napoleon," who is his favorite. He knows his whole history by heart; knows the name of every officer he ever had; knows the name of every soldier he ever had; and, I had almost said, knows every thought he had ever had.

The Grangers, lead by uncle Louis Leach and W. A. W——, burnt off an old field two miles square, on which they propose to plant cucum-bers to supply the Trinity market. Dr. J. L. Craven returned from Baltimore last Saturday evening. We understand that he did great honor not only to himself, but to the "Old North State." He has moved his office from "Poor-house" No. 2, to "Smoke-Row" No. 3, where he is pre-

pared to administer pills, powders, &c., to the satisfaction of all.
We understand that Dr. J. L. Craven and B. Parker will erect a store on the corner of Main and College

has 110 members. SUPREME COURT .- Thursday, March 4th.-Court met at 10 a. m. Present, Chief Justice Pearson and Associate Justices, Reade, Rodman

Trinity Lodge, No. 58, I. O. G. T.,

and Settle. The following causes from the 9th District were called and argued: W. G. Templeton vs H. C. Summers, from Iredell. W. P. Caldwell, Batchelor, Edwards & Batchelor and McCorkle & Bailey for plaintiff; Armfield, D. M. Furches and Josiah Collins for defendant.

Sarah M. Dula, et al, vs Zephaniah Young et al, from Wilkes. Wm. P. Caldwell, Smith & Strong for plaintiffs; Folk & Armfield, McCorkle & Bailey and Josiah Collins for defendants. Atlantic, Tennessee & Ohio Railroad Company et al, vs S. A. Sharpe et al, from Iredell. R. F. Armfield and W. P. Caldwell for plaintiffs;

Jones & Johnston, R. Barringer, D. M. Furches and McCorkle & Bailey for defendants. A. Baggarly vs. Wm. J. Colvert et al., from Iredell. R. F. Armfield, and McCorkle & Bailey for plaintiff, W. P. Caldwell, Batchelor, Edwards

& Batchelor, and Brown for defen-

dants. James Duvall vs. H. H. Rollins, from Ashe. W. P. Caldwell, J. W. Todd and Smith & Strong for plaintiff, G. N. Folk, Josiah Collins and McCorkle & Bailey for defendant.
J. P. Bedwell and wife vs. Richard W. King, from Alleghany, was continued. No counsel for plaintiff, D.

M. Furches for defendant. Court adjourned until to-morrow (Friday) at 10 a. m. HARD ON RALEIGH.—A correspondent of the Lynchburg Republi-

discourages visitors after the following fashion: "Well, this city doesn't suit me, as you will readily understand when I tell you that they do not burn coal in my room, and the wood they have will not burn at all; and I have to pay twenty cents for a glass of whis-key and ten cents for a glass of beer, which are things I can't get accus-

can, writing from the City of Oaks,

tomed to." We appeal to Jordan Stone to know why these things are thus, and if so to enquire how he can have the presumption to ask newspaper men to visit such a bar-barous place.-Norfolk Virginian.

We have made due examination into the grievance complained of by the correspondent, and we find he drank nothing but French brandy whilst here, and a plenty of that, in consequence of which his head became so muddled he forgot the usual price of this commodity and was rendered unable to tell whether he had any fire at all or not. We will assure our newspaper brethren our place is muchly bar-barous, and what's better, we have no crusaders.

denizens of Richmond, Va.

For the Daily News. The Bell Cove Oyster Company—Dr. Sanders' Reply to W. L. Arendell, Esq.

W. L. ARENDELL: Dear Sir: Your letter published in the RALEIGH DAILY NEWS of the 5th of February came to my notice a few days ago by the merest accident. I immediately forwarded money to the News Office for copies of the letter which is now before of the letter which is now before me, and, which you as a manly foe should have sent me. The unmanliness of such an attack upon my reputation without my information is indeed pitiable; and was it not for its tendency to cause a false conception of my true character among those to whom I am personally and reputationally a stranger, I should treat it with that silence due its otherwise utter futility. Nor do I consider a lengthy reply at all necessary to the vindication of my stand against the unjust monopoly of your Oyster Company being, as it has been, a virtuous stand with the people. Your letter, although wholly uncalled for, and in its tenor intended to be unkind, I have cause to thank you for dency to cause a false conception of kind, I have cause to thank you for the expression of some very high compliments to myself, calculated to fire a less incredulous bosom with notions of political aspirations. When you characterize me as the prime mover in influencing the prime mover in influencing the "General Assembly to restrict or virtually repeal the Company's charter," you could not have more wisely proceeded, if heeded, to ingratiate me in the affections of the people, and enhance my popularity as a useful citizen. And the success of the so-called fraudulent petition to rebut you, which you and the Doctor so zealously labored to convince the Legislature was a forgery, and tried by lature was a forgery, and tried by every means to defeat, must be as humiliating to your influence as it is flattering to mine. I dislike to have to speak so plainly, but it seems to me the history of the Belle Cove Oyster Company has been one of fraud and trespass from the beginning. Indeed, it was the offspring of decirit. Nothing but the observed deceit. Nothing but the obscurement of the facts from the Legislature under the deceptive phrase of "eighty acres more or less" secured to the Company the extensive limits embodied in the charter. The Company's declaration that it will have none if not more than 80 acres is still more positive proof that your original aim and expectation was to der that deceptive phrase of "eighty acres more or less." As county sur-veyor you should have known, and likely did know, the limits of your corporation would more nearly embrace 1000 than 80 acres. Not satisfied however, with the excessively large territory embraced in your almost unlimited charter, rocks due West, and some to the north of Piney Island, were staked by the company and claimed, I suppose, as a part of its legal territory. Tell me, Mr. Treas-

On learning that you and the Doctor had circulated it that these names were written without the permission or willingness of the parties, I was urged to get up another petition of like character to the first that the original signers might declare their sentiments in their own handwriting, and also to give all the people oppor-tunity to aid in restricting an encroaching and unjust monopolization. I did so, and although the daily expected adjournment of the Legislature hastened the matter, some 300 names were readily subscribed, and among them in their own "fist" George Dennis, Robt. Humphrey, Dr. Hill, etc., names you say were fraudulently used. Some of these men were especially active in securing names, Dennis getting some 25 at his atoms. his store. Even W. T. Bell, the third one of the corporators, says the restriction to 80 acres meets his approbation. Eighty acres is enough, and had the Company expected to and had the Company expected to raise oysters and prosper by manual industry, and not by entering and holding exclusively all the natural oyster rocks, all would have been well, and our people would have encouraged the enterprise; but when we saw that the object of the Company was to grow rich by unaided natural efforts, and by taking bread out of the mouths of a large class of our people, we opposed you, as naturally we should, and you must have been very unreasonable not to have anticipated the result. I say, had your Company confined themselves to 80 acres or

frequently importuned to get up a

petition to restrict it to 80 acres. I at last did so, and signed with my own

hand some sixty names and sent it to Mr. Webb, who presented it in the

House as a genuine paper, represent-ing as it did, the avowed and express-

ed sentiment of the people, as will

be presently shown.

thereabouts, as was supposed it would, you would have received encourage ment instead of opposition. This is clearly proven in my father's case, who, never dreaming of the trespass ing aim of the Company, gave to one of the corporators, James Doughty, his interest in Long Island, to be used especially as an assistance in prospering the Company in planting and raising oysters. And now in conclusion let me say your threat of Federal intervention is so lu-dicrously puerile, as to be unworthy of a passing notice. It failed to frighten our legislators, and our people ain't scared much.
You will receive a copy of this from

the NEWS' office. Very respectfully, J. W. SANDERS. SANDERS' STORE, Feb. 20, '74.

THE MOST ANCIENT YET .- The State press have been commenting upon the possession of a Bible by a Mr. Guien published in 1798. We have been shown one by State Treas-urer David A. Jenkins, a family relict, bearing date 1790 and was published Katie Putnam is delighting the small type, and is in a good state of preservation.

cussing the centennial question. Let Philadelphia have her jubilee and be done with it-but let her pay for the fidd!ing. - Hop. James E. Groome on Wednesday entered upon the duties of his office as Governor of Maryland, to which he was recently elected by the Legislature of the

-A negro Sheriff in Alexandria county, Va., has resigned-because he could not give his bond. We don't suppose anything else could have induced him to take such

a step. -A Washington special says that more distilleries were suppressed in North Carolina in the last six months than in any other State. And yet the "critter" is plentiful with ur.

-Virginia has proved to be the mother of another 'mportant personage-the first vice-president of the Oh.o crusaders, Mrs. Eliza J. Thompson, was born in Staunton, Va. What Virginian next to the front? -The Pittsburg "Commercial" says that when they find a man in Washington who hasn't a plan of his own for the solution of the financial problem, they drown him in

there yet. -The fact that Lotta has been kissing the newsboys in New Orleans excites the "brevity man" of the Richmond "Enquirer." He says she could get a lot-a that work if she would include editors in her "free list."

the Potomac. No one has been drowned

-New York advices indicate a continued sluggishness in the trade of the city, and complaints are made of the backwardness of the spring trace. It is thought cotton goods will be marked down, which fa t would impart to the market greater activi-

-The Kentucky Baptist minister who tried to whip his daughter into a marriage that was distasteful to her, has been expelled from the church. Where is the whipping post in that State? A slight infliction of the cat-a-nine-tails would prove beneficial to that father.

-The "Roanoke News" is pleased to hear that Gen. Cox. Chairman of the State Democratic Executive Committee, represents the aspect of political affairs in the. State as cheerful. A general uprising of the people is all that is needed to give us a complete victory this summer.

-Thanks to the Richmond "Enquirer" for the compliment it pays this department-only it was mistaken about the "exfrom the "Enquirer." The excellence of be taxed to build a penitentiary out the "borrowed" pieces was only to be found in the company they were placed.

-Macon county, Ky., rejoices in a Ladies' Calico Church club. Every member is pledged to attend the sanctuary in plain calico, sans hoops, sans bustles, sans all that sort of thing-no jewelry, no gewgaws -no nothing of that sort. We wonder if these females are at all related to the Arkansas girl who would wear only her new bonnet to church?

THE Petersburg "Index-Appeal" says the Southern advocate of a violent resumption of specie payment should be very careful of the grounds of his position. Correct, Mr. "Index." That the panic of last September arose from a too great scarcity of currency there cannot be a shadow of doubt.

THE Virginia papers are exercised over a bill now being considered by the Legislature of that State, which they say could have been most appropriately charactered "a bill to destroy the cities of Va., for Baltimore." It seems that Baltimore wants to top the Chespeake and Ohio Road and to tax the people for every project thus divert the trade over that Road save one for the restoration of the thus divert the trade over that Road from Richmond and the tidewater cities. This proposition emminates from Mr. ROBERT GARRETT.

FROM the New Orleans papers we learn of the death of Col. A. W. MERRIAM, now known to be the Rex, or King of the Carnival. Col. MERRIAM left the ball-room late on the night of his death. He was found the next morning seriously ill with apoplexy. Medical aid was summoned, but before the physician arrived he was dead. Col. M. was a native of Massachusetts, but had been a resident of New Orleans since 1850. He served as Adjutant of the 7th Louisiana Regiment, of which the gallant HENRY HAYS was Colonel, during the late war, and was wounded in the battles before Richmond. He was a genial, generous gentleman and universally esteemed in New Orleans.

THE message of Gov. Coke exhibits a gratifying state of affairs in the "Lone Star" State. The bonded debt of the State is \$1,161,131; due to the school fund te amount of \$806,-000; her floating debt is estimated at \$500,000. Added to this is a claim of \$400,000 in New York for bonds deposited as collaterals and claims for railroad subsidies amounting to about \$3,000,000.

The Governor says that there is no need for an increase of taxation and recommends economy in appropriations. The people of the State are out of debt and her population is steadily increasing. It is estimated that 400,000 persons have gone into the State for settlement since 1870. The government is now in the hands of her white citizens and she has every prospect for a career of unexampled prosperity. Truly Texas is blessed. Her people have reason for congratulation when comparison is made with her sister State, Louisiaana. Isona distribe

Col. John W. Forney, of the Phildelphia Press said: "The fact is adelphia Press said: now to be accepted by all, that the official Republican organization of Philadelphia is simply a combina-tion that commands the worst ele-ments of every shade of political opinion, and it has but one article of faith-the cohesive power of public plunder."

This is as true as preaching, if Mr. FORNEY did say it, but it does not go far enough. It should be made to apply to every place where the Republican party are in power.

THE Evening Crescent is the name of a new daily which has just made its appearance in this city, with T. B. KINGSBURY, Esq., as the editor. In the first issue the Editor says:

"It will advocate the measures of the Conservative party, believing them to be the most favorable to the prosperity, honor and happiness of people of North Carolina, but in so doing, it will be the constant aim of the editor to avoid all that may needessly offend or wound. We shall rely upon arguments and facts in the maintenance of principle, and not upon ridicule or denunciation. In a word we shall endeavor to make the Evening Crescent the ally of good government, pure morals and elevated literature, and a true sentinel guarding vigilantly the rights of the people of the State and of the South."

We welcome The Crescent as an ally in the cause in which we are laboring, and we wish for it that mead of properity which we know Mr. KINGSBURY's talents and energy will deserve.

THE Wilmington Journal, of the 4th inst., has a long and caustic editorial review of the conduct of Gov. CALDWELL in connection with the University. We reproduce the fol-

lowing extract: "Nor is this the first evidence that Gov. Caldwell has given of a purpose to prevent the restoration of the Institution at which he received his education. No man who has read his last annual message has any right now to say he is taken by surprise when Gov. Caldwell comes out in his true colors as an enemy of the University. In that message, the only thing Gov. Caldwell found the State

too poor to undertake, was the restoration of the University. According to Governor Caldwell, the people are amply able to compromise with their creditors and to pay taxes to meet the interest on the public debt, and amply able to pay taxes to establish an orphan house, but they are not able to re-vive the University. Accord-ing to Governor Caldwell, North Carolina is rich enough to mortgage its

only remaining railroad stock to complete a road running through his section of the State, and rich enough to spend money on immigration schemes, but she is not rich enough to spend a dollar for the revival of the University. According to Gov-ernor Caldwell, the people ought to of stone rather than brick, "as a matter of architectural taste and to prevent destroying the beauty of the building;" according to Governor Caldwell the people ought to be taxed to furnish transportation to their former homes for convicts after they have served out their terms in the State prison, but if he be right the people are entirely too poor to spend a dollar to restore the University. According to Governor Cald-

well, the penitentiary is such an admirable place for training the young convicts to a valuable trade, that its completion cannot be postponed; but according to this same Governor Caldwell, the revival of the University, an institution that trains young men for valuable employments, without first having committed crime, and without having worn a felon's jacket, may well be postponed until a convenient season in the indefinite future! Why this difference?

It surely cannot be that the Gov-ernor of North Carolina thinks that to make a goood citizen a man must first be a felon. Why, then, does he make such a difference? Is it because white boys will go to the University and negroes go to the Penitentiary? It does, indeed, seem strange that Governor Caldwell should be willing University. But so strong, indeed, has been his opposition to this one project that he went out of his way in his last annual message to advise that any attempt to restore the University should be postponed, and that too, when no taxation for any such purpose had been asked for and when no intimation of any such purpose had been made! It does, indeed, seem strange that our Governorshould be so solicitous about the welfare of young convicts and so indifferent to any provision for young University students. Ask for money to teach convict boys within the walls of the Penitentiary how to seeure remunerative employment, and if Governor Caldwell be right North Carolina is rich enough, but ask for money to teach honest boys within the walls of the University how to get remunerative employment, and North Carolina is poor indeed. But every one to his taste. Let Governor Caldwell prefer his Peni-

tentiary as much as he will, the people very decidedly prefer the University. General La Mamora has gotten the better of Prince Bismarck. Since the Italian Parliament gave him two months leave of absence he has repelled the charge of forgery and falsehood brought against him by Bis-

marck by publishing the full text of certain dispatches and letters in his possession. For once in his life Bismarck lost his head, became angry, made accusations he could not substantiate and has been beaten.

A committee of the Southern Presbyterian church is in Philadelphia to communicate with a committee of the Northern Presbyterian church, with a view to the union of the two

A voter praising a favorite candidate at a late Irish election said: 'He is as fine a fellow as ever lifted a hat to a lady or a boot to a black-

The Jacksonville Republican tells a romantic story of Waldo Blossom, of Boston, now in Florida, who has fallen 'leir to over \$1,000,000 worth of property left him by a man in Larimer, whom he saved from utter destruction some twenty years ago.

An exchange asserts that Vanderbilt believes in plain talk; and when one of his clerks contended that "Worcester" was pronounced "Wooster," Van. paid him off.

FERTILIZERS. FERTILIZERS.

1874. FERTILIZERS! FERTILIZERS!

No. 1 Peruvian Guano, [Guanape.] Soluble Pacific Guano. Lister's Standard Super Phosphate of Lime. Whann's Rawbone super Phosphate of Lime. Wister's Pure Ground and Dissolved Bone.

We again offer to the Planters of North Carolina, the above named HIGHLY approved We again offer to the Finder's
Standard Fertilizers.
These Guanos have been used season after season, and have uniformly given satisfaction, and we consider it unnecessary to give here any high sounding chemical analyses tion, and we consider it unnecessary to give here any high sounding chemical analyses tion, and we consider it unnecessary to give here any high sounding chemical analyses to induce the prudent farmer to use them, as the experience of several years bear testion induce the prudent farmer to use them, as the irrelation and reliability.

In the above we are offering Fertilizers that can be relied upon, and no one need take the great risk of experimenting with anything new and entirely unknown, because it is offered at an apparently low price.

PRICES:

Soluble Pacific Guano, Cash \$50. Lister's Standard Super Phosphate, Cash \$50. Whaun's Rawbone Super Phosphate, Cash \$55.

Nov. 1st, 1874, \$55 Nov. 1st, 1874, \$55 Nov. 1st, 1874, \$60

It is an admitted fact, confirmed by many years of experience, that an ordinary application of approved Standard Fertilizers to Cotton and Corn increases the yield to double the production of the same soil unfertilized. This statement is not exaggerated; on the contrary the results more frequently exceed than fall short of the above increase.

SPECIAL TERMS:

We will sell a limited quantity of SOLUBLE PACIFIC GUANO and LISTER'S STANDARD SUPER PHOSPHATE OF LIME for a bale (400 pounds) of Cotton per Ton, and WHANN'S RAWBONE SUPER PHOSPHATE OF LIME for a bale (450 pounds) of Cotton, per Ton of 2,000 pounds.

PAYABLE NOVEMBER 1st, 1874.

We guarantee all FERTILIZERS sold by us to be FREE FROM ADULTERATIO 4. Our Fertilizers can be procured of our Agents at various points in the State. Send us your orders early and we will give them prompt attention.

The following is from a South Carolina paper: "We learn from Marion papers that a Guilford, N. C., wagoner, Mr. S. H. Mendenhall, was robbed on Friday night last, of between \$400 and \$500. It seems that Mr. Mendenhall, who was traveling with a wagon, had stopped for the night, and soon after dark was surprised by the sudden approach of three or four negromen, who with drawn arms demanded the surrender of himself and all that he had. They made their escape, but the ring leader, one of Gov. Moses' pets, having lately been pardoned, lies in jail

awaiting trial. Thrilling Scene in Richmond-Nar-row Escape of a Young Lady. Yesterday afternoon Miss Mattie, daughter of Judge Robert Ould, was the heroine of a street adventure, which, in its culmination, made the

hearts of all observers leap into their throats. She had just seated herself upon a mettled horse in front of her father's residence (at the corner of Clay and Twelfth streets) to accompany Judge R. W. Lacy, delegate from New Kent, on an equestrian jaunt, when the animal dashed off at a rapid rate through Twelfth street into Governer, and down Governor into Main. Several colored men ran out at different points to stop the runaway, but the interpid rider, who retained her composure as well as her hold of the reins, called to them to desist. At that juncture, Chas Kose, driver for one of John Harris' hacks, was driving slowly up Main street, and perceiving the approach of the runaway, purposely halted his team across Governor street. In a second the flying steed was close upon the hack horses, and essayed to o'erleap them. As he did so, Miss Ould sprang to the box of the ack and was caught by the strong rm of Rose. The horse collided with the hack team and was thrown down by the concussion. Several persons the measure that the strong residuals and the strong frightened. securely held the three frightened animals. Miss Ould was escorted into the Bank of Commerce, where she received every attention. She was not only unhurt, but almost free om emotional excitement, and calmly related to her friends the particulars of her unwilling flight. Judge Lacy soon arrived and accompanied Miss Ould to her home .ichmond Whig of the 3d.

WM. R. GRIFFITH, of Baltimore, General Agent.

Petersburg, Va., December 17th, 1873.

To the Farmers and Guano Dealers of North Carolina and Virginia: Gentlemen: To the mary of you with whom I am personally acquainted, I would say, that of good results from GUANAHANI GUANO, I have not the shadow of a doubt, Containing, as it does, in such large amounts, the essentials for plant food, success from its application would seem certain. It being of animal origin, you will see at once that its ingredients must be all soluble in the soil. Its nitrogen, from nitric acid, is the most available form known to chemistry; the other part, from undecomposed animal matter, is preferable to the volatile salts in Peruvian Guano. I ask of each of you the kindness of a thorough examination of the accompanying analyses by two of the great chemists of the country. With respect, yours truly,

WM. R. GRIFFITH, General Agent.

WM. R. GRIFFITH, General Agent. THE COMPANY GUARANTEES THAT EVERY CARGO WILL BE ANALYZED BEFORE IT IS OFFERED FOR SALE.

GUARANTEED ANALYSIS. Ammonia, from both Nitrogen and Nitric Acid... Bono Phosphate of Lime..... LETTER FROM PROF. WM. C. KERR, STATE GEOLOGIST OF NORTH CAROLINA Raleigh, N. C., January 7th, 1874. Wm. R. Griffith, Esq., General Agent Guanahani Guano Company, Peters-

burg, Virginia:
Dear Sir: Dr. F. A. Genth, whose Analysis of the Guanahani Guano you have shown me is Chemical Minerologist to the Geological Survey, and has no superior as a chemist. I have no besitation in endorsing any analysis from his laboratory. And I think the analysis justifies his statement that the substance examined by him is a VALUABLE MANURE. MANURE.

From his report, and that of Prof. Wilson, it is evidently a TRUE GUANO, both in origin and composition, and its action on crops may be expected to be the same in kind and in degree proportioned to its relative per centage of the valuable ingredients—Phosphoric Acid, Ammonia and Potash, that of the first being unusually high. Yours truly, W. C. KERR, State Geologist.

ANALYSES. The following analyses of different cargoes and samples by two of the leading chemists of the country, are given for the guidance of the public:

LETTER OF PROF. P. B. WILSON, LATE ASSISTANT OF BARON J. VON LIEBIG.

CHEMICAL LABORATORY OF PROF. P. B. WILSON, No. 30 Second Street,
Baltimore, December 1st, 1873.

Maj. N. M. Tannor, President Guanahani Guano Company, Petersburg, Va.:
Dear Sir: I have drawn samples of the Guano, as it has arrived in cargo lots, and find it exteedingly uniform in the amount of Phosphoric Acid it contains, namely, from 15 to 19 per cent. This is combined with Lime, and is of animal origin, and readily assimilable by plants. It contains potential ammonia and nitric acid, having a combined Nitrogen value equal to from 2 to 3 per cent. of ammonia, with the alkalies Potash and Soda, and valuable proportions of Sulphate of Line. The whole forming a very desirable combination for all crops, and when applied to land, the crop receiving proper tiliage, must, in my opinion, give as good results as any guano offered to the farmer.

Being of animal origin, the organic matter has undergone partial decomposition, and it becessarily contains a valuable amount of Humus, which makes its fertilizing power much greater than fertilizers which are compounded large y of Peruvian Guano, which, beyond its ammonia and small phosphatic value, has little er no power in absorbing from the atmosphere and retaining in the soil the movable elements absorbed by moisture and brenght down by the rains, as the guano you are now placing upon the market. All of the components of this Guano are very soluble in the soil, and possess such physical properties as to render it at all times and ut der all circumstances as in mediately available plant food. CHEMICAL LABORATORY OF PROF. P. B. WILSON, No. 30 Second Street,

available plant food.

The late samples you sent me for analysis, from the deposit which you inform me you intend to ship from, show a decrease in the phosphatic value, but a large increase in its nitroges compounds. I think, however, from previous observations of cargoes, that you may reasonably expect, that cargoes taken from where these samples were drawn, will materially improved in the saline compounds, (phosphates, alkalies and magnesia.

Respectfully, &c., P. B. WILSON, Analytical and Consulting Chemist.

....1.77 per cent. 3.27 per cent.

UNIVERSITY OF PENNSYLVANIA, WEST PHILADELPHIA, 19th, 1878. Maj. N. M. Taannor, Petersburg, Va.,

West Philadelphia, 19th, 1878.

Maj. N. M. Taannor, Petersburg, Va.,

Dear Sir: In compliance with your request, I have analyzed sample of "Guanahani Guano," and have made additional examination of an average sample from a lot of 309 tons, the result of which, I beg to embrace in the following. The Guano is a brownish powder, with lumps of combinations of lime with Carbonic, Phosphoric and Nitric acids, It contains a considerable quantity of water (about 20 per cent.), and when dried is a paler brown powder. The Guano is evidently of animal origin, and the minute bones, which were discovered in the same, indicate that it is the result of the decay of bats, mice, &c. The quantity of organic matter, which is still present, is about 12 per cent., and this yields about 2½ per cent. of ammonia. A portion of the nitrogen is present, as nitric acid, of which about 3 per cent. wa- found. All the nitrogen present would be equivalent to about 3½ per cent. of ammonia. The phosphoric acid in the Guano about 12½ per cent., equal to 27 3 per cent. of bone pho phate. A considerable quantity of the phosphoric acid, however, is present, as so-called neutral phosphate of lime, which, being slightly soluble in water, renders the Guano as quick in its action, as a corresponding quantity of superphosphate would do. The small per centage of potash, which was found in the analysis, adds to its value.

From all the experiments which I have made of the Guanahani Guano, no doubt can exist that it is a valuable manure.

Yours truly,

F. A. GENTH.

CERTIFICATES:

STATE OF MARYLAND, TREASURY DEPARTMENT,
Comptroller's Office, Annapolis, September 29th, 1873.

E. T. Wroth, Esq., Baltimore, Md.;
Dear Sir: Yours in regard to the Guano was received some time ago, and as I know very little, personally, about the effect it had, I laid it aside until I could go home and in quire. I learn that it did improve the wheat to some extent. I did not apply any other Guano. I applied
Bone Dust, and I learn your Guano was of about the same efficacy in fertilizing, so far as the appearances of the crep indicated.

Please send me a bill for Guano, and I will send you a check.
I am, very truly, in haste, yours, &c.,
LEVIN WOOLFORD.

[Letter from Ex-Governor Smith.] Warrenton, Va., August 4th, 1873. Mr. E. A. DUNLAP,

I Par Sir: The extraordinary character of the season (a rain almost every day,) puts it wholly out of my power te form an estimate of your Guano. The crops of corn and rutabagas to which it applied, look very fine.

Yours, truly.

WM. 8MITH.

Bethel Academy, Fauquier County, Va., July 24th, 1873. Mr. E. A. DUNLAP,
Dear Sir: I used your Guano on my wheat last fall, and I am highly pleased with it.
Think it is as good as the high priced Guanos. I have a good paying crop of wheat, and the best stand of grass I ever had, and this is the opinion of those who have seen both, notwithstanding the unfavorable winter and early spring. I shall use it again this fall.
Yours,
BENJ. F. SMITH.

[This crop of wheat, 28 bushels to the acre, was noticed in the Wairenton and AlexGUANAHANI GUANO!

GUANAHANI GUANO!

andria papers, as the finest crop in Mr. Smith's county.| Warrenton, Va., July 17th, 1878. I used your Guano on wheat last year, and consider it equal to any guano I ever used.

LEWIS SHUMATE.

Bethel Academ, Fauquier County, Va., November 12, 1873. E. A. DUNLAP, Esq.,

Dear Sir: If I could have made collections, I certainly would have used two tons o
the Guano you sent me this fall.

I consider it better for wheat than any other Guano that has been used in this county Respectfully yours,

M. C. BLACKWELL.

Baltimere, December, 1873. Dear Sir: The Guano purchased from , ou, was used upon cern by the side of one of the best ammoniated soluble phosphates in the market. The quality of the land was the same as was the quantity of guano and phosphate used. The corn where the Guano was used appeared to start sooner, and in the fall was fully ten inches higher and ripened earlier than where the Phosphate was used.

Very respectfully, &c.,

Late firm of Neale, Harris & Co, Commission Merchants.

We, the undersigned, have sold your Guano for two seasons. Those that have purchased are buying again, and are pleased with the results.

L. KELLUM & CO., 119 Hillen street, Baltimore.

Cheston, Near Queenstown, Md., August 18th, 1873.

E. T. Wroth, Esq., Baltimore, Md.,

Dear Sir: I have your favor of 4th inst., making inquiries as to the results from application of the Guano which you sent me last fail. I applied it at the rate of 170 pounds per acre—the same quantity as of the other fertilizers I was then using. The wheat thiroughout the field bore much the same general appearance, with perhaps something in favor of your Guano. The grain of my crop on that field wasgenerally of fine quality, and I cannot say that I observed any perceptible difference in its appearance.

The result in quantity, (the most important point.) I regret not to be able to give you. Threshing my crop by steam power, my attention was occupied at many points, at the same time, and on one of these occasions this particular parcel of wheat was threshed before I was aware of it, and without any note of its comparative yield. I therefore cannot pronounce positively in its favor, over others; but, from its general appearance, judge it quite equal to other standard fertilizers of established reputation.

Very respectfully yours,

Paltimore November 17th, 1873.

E. A. DUNLAP, Esq..

Tre Guano I had of you last Spring, I used on corn. It produced a first rate crop. I used about 200 lbs. per acre.

E. T. WROTH, Esq., Baltimore, Md.,

Dear Sir: Yours of the 4th received and contents noticed. You must excuse me for not reporting to you sooner the result of the experiment with your Guano. I seeded it by the side of * * * * * 's Raw Bone Super-Phosphate, at the rate of 150 ibs. to the acre, of each. Whilst growing, I, nor any to whom I showed it, could not perceive the least difference. The yield was equally good—about 25 bushels to the acre. I consider it equally as good as * * * * * 's, in every respect. Please inform me the price, as I intend using some on wheat this fall.

Very respectfully yours,

Mount Airy, Carroll County, Md., November 18th, 1878.

In reply to yours of the 12th, will say, the farmers can say but little, as yet, in regard to Guanahani Guano. But Maj. A. G. Davis, who used one bag, by the side of several other fertilizers, says, so far, the Guanahani looks better than any of the others. All parties say, so far, they can see no difference in their grain wherever it is up sufficient to judge. By the Spring, I can give you a more satisfactory report. Hoping to have the pleasure of a visit from you, soon,

I am. truly yours. Mount Airy, Carroll County, Md., November 13th, 1873.

I am, truly yours, W. H. B. DORSEY. P. S.-I have commenced making a stir for the Spring trade.

San Marino, Dinwiddie Co., Va., November 15th, 1873.

W. R. GRIFFITH, Esq.,

Dear Sir: Yours of the 12th inst., was received on yesterday, and, in compliance with your request, I hasten to reply. I purchased half ton of Guanahani Gualo, from Messrs. Rowlett & Tannor, 1st of October, 1873, to use upon my wheat crop, as an experiment. I applied it 200 lbs. per acre. The wheat was seeded from the 10th to the 17th of October. I was very careful in the application, leaving two strips of land through the field; one of an acre, the other two acres. The one acre strip was manured with ** ** ** Phosphate. The two acrestrip was in tobacco, heavily manured with stable manure and * * * * *

Tobacco Fertilizer. I also added a strip of very poor land (stubble) on one end, three-fifths of an acre. Upon this I applied 100 lbs. of Guanahani, and also moistened the wheat and rolled it in the Guano. (I mean the wheat sewn upon this three-fifths strip.) The season has been favorable, and the young wheat is looking very well; and that upon the narrow strip of poor land, equally as good as upon the heavily manured tobacco land. I am satisfied that the Guano is acting upon this strip of wheat, as the land was very poor. I do not think that it would be well for me to make a positive assertion just yet, bu will carefully note the result and let you hear from me again.

Yours respectfully.

THOS. F. RIVES. San Marino, Dinwiddie Co., Va., November 15th, 1873.

Messrs. Rowlett & Tannor,
Dear Sirs: In reply to your inquiries in regard to the Gusnahani Guane, which I purchased last summer, I can only say that I applied it on my wheat crop, sowing it broadcast and plowed it in with the wheat. So far, I am vary much pleased with the Guano.
Where I used it, the wheat looks better than any I have seen, and my neighbors who have seen it, consider it so. I applied it the first of October, and it shows very plainly over the wheat where there was nothing used.

Very respectfully,

JOHN J. MITCHELL.

[Note.-Mr. Mitchell has since ordered 10 tons for his Spring crops] Millstone Landing, Md., December 1st, 1873.

Mr. E. A. DUNLAP,

Dear Sir: I am just in receipt of your letter, but regret that I did not receive it sooner.

I used your Guano, side by side with * * * * * 's Ammoniated Super-Phosphate, and could perceive no difference, only in growth of the straw. The straw from * * * * * 's rather the largest. The grass from it was equally as good, and I do not hesitate in recommending it to farmers as a reliable fertilizer.

Very respectfully,

ELKANAH WISE.

Dinwiddie County, Va., November 21st, 1878. Messrs. McIlwaine & Co., Petersburg, Va., Gentiemen: I used the Guanahani Guano, purchased of you, on wheat at the rate of 300 lbs. per acre, on corn land. The wheat is looking well. I think it will prove a good fertilizer.

Very respectfully,

Messrs. Bishop & Branch,
Sirs: You ask me my opinion of the Guanahani Guano I purchased of you last fall.
I used the guano on my wheat, but owing to the unfavorable fall for the growth of wheat, it would be impossible for any manure to show its strength fully. However, I think the guan oa good fertilizer, from the fact, that the wheat looks as well as it does where a well known fertilizer was used that cost nearly double the money.

Respectfully,

A. G. JORDAN.

Petersburg, Va., December 16th, 1873,
WM. R. GRIFFI'H, General Agent of the Guanahani Guano Company,
Dear Sir: In reply to your enquiry about the action of the Guanahani Guano on my
wheat crop, I would say, up to the present time it is looking very well.
Yours truly,
SAMUEL H. JONES,
Prince George County, Va.

Broad Run Station, Fauquier County, Va., December 4th, 1873. Broad Run Station, Fauquier County, Va., December 4th, 1873.

Mr. E. A. DUNLAP,
Dear Sir: I left one row without your fertilizer, and used it on the next row. I used at the rate of 200 pounds to the acre. I had the corn carefully gathered separate, and found the result as follows: From the Gunno row I shelled one bushel and nearly a half gailon; from the row without guano I got a half bushel and not quite a quart; making fully double where I used guano. The growth of stalk was not proportionately heavy—the strength seemed to go to the grain. I think it an excellent Spring fertilizer. The land I tried it on was quite thin.

Yours, &c., Poplar Mount, Greensville County, Va., December 17th, 1873.

Poplar Mount, Greensville County, Va., December 17th, 1873.

Messis. Rowlett & Tanner.

Gentlemen: Yours of the 15th is received. You ask "How I like the Guanahani Guano, so far?"

In reply I have to say that I used five bags last fall, experimentally. I applied four bags to wheat at the rate of 200 pounds to the acre. I used the same quantity (200 pounds) on winter oats. The wheat was not sown until about the 20th of October, but has already a healthy, vigorous blade. The present indications lead me to believe that it is decidedly superior to any of the super-phosphates.

The winter oats we e sown the last of September. In the application to this crop, I have, in consequence of earlier seeding, a better opportunity of observing the effect of the Guanahani Guano. Here it is most marked and decided. It reminds me of former days, when, for a moderate outlay of money, the farmer purchased the pure Chinchs Island. (unadulterated) Peruvian Guano.

I wish to try some of this Guano next year on cotton and tobacce.

I am, very truly yours,

GEORGE W. FIELE.

GEORGE W. FIELT.

As it will be impossible to bring but few theusand tons to this country in time for the spring irade, orders must be sent at an early day to secure it.

ROBT. A. MARTIN, Vice-President.
WILLIAM R. GRIFFITH, Gener gent. GENERAL COMMISSION MERCHANTS

NOON DISPATCHES. FROM NEW YORK.

A New Episcopalian Imbroglio-A Steamer Tug Overdue-Presbyterian Ecclesiastical Affairs.

NEW YORK, March 5.- Upon his arrival in this city, from England, Dr. Porteus presented his credentials and applied in the usual manner for a license to preach. Bishop Potter gave him a license for this diocese, and Bishop Littlejohn gave him a similar one for that of Long Island. After lecturing in Dr. Duryea's Plymouth, Dr. Carroll's and other churches, Dr. Porteus lectured on various topics. He yesterday received letters from the Bishops revoking his license, charges being made that he preached in non-Episcopal pulpits, and delivered lectures on frivolous subjects.

Considerable anxiety is expressed respecting the safety of the German steamer Graf Bismarck, which left Bremen for this port three weeks ago, via Southampton, at which port she took in the extra cargo and pas-sengers, and left on the 15th of February for New York, and has not since been heard of.

Committees representing the General Synod of the Reformed church in America and the General Session of the Presbyterian cburch, South, have held several meetings, at which the subject consolidating churches was thoroughly discussed, and the utmost harmony and good feeling prevailed. Their final action was substantially as follows: The Committees unanimously agreed to report to their respective bodies, which will meet in May and June of this year, that a plan of co-operation is practicable so for as the leading features of the Eclesiastically work is concerned, especially that relating to foreign missions. No steps thus far have been taken toward effecting an organic union of the denominations represented, but the harmony which has thus far prevailed renders it probable in the minds of many that this consummation will be realised at no distant day.

Miscellaneous Items. BALTIMORE, March 5 .- The State Grange is in secret session. Some 47 Granges are represented.

PHILADELPHIA, March 5.—A square rigged vessel was wrecked at Barnegat shoals. Two boats filled with men, passed Station No. 14, eight miles north of Barnegat. The bill forbidding Sunday railroad trains, failed in the New Jersey

Senate. WASHINGTON, March 5.—The Judiciary Committee has summoned

Cushing to testify in the Durell case. Paris, March 5.—The French Assembly has postponed the contemplated reception to Emile Oliver, be cause he persists in retaining in his inaugural address an eulogy of Emperor Louis Napoleon. INDIANAPOLIS, March 5.-The

house of a colored man named Searn, nine miles from this city, was burned yesterday Two children, aged 3 and years, who were locked inside, were burned to death. The parents were osent at the time

WORCESTER, March 5.-The temberance women have abandoned the Dio Lewis plan of attack, and will seek to operate through owners of buildings, by pledging themselves not to let to liquor dealers. BALTIMORE, March 5.- Jas. Keuser,

aged 35 years, senior proprietor of the German Catholic Peoples' Weekly Gazette, published here, died.

FROM WASHINGTON.

Scant Congressional News. WASHINGTON, March 5th .- The House is voting on the franking bill, it having reconsidered prior vote rejecting it. It will probably pass.
In the Senate Bogg introduced a bill for the improvement of the me ath of the Mississippi river. Be ferred to the Commerce Committee.

MID MIGHT DISP ATCHES

FRO'A LONDON. What Dou Carlos Intends to Do

n He Enters Bilbon-Ricting In Eastern Poland, LONDON, March 5 .- A special des-

patch to the Times from Bayonne contains the following intelligence obtained from Carlist sources: Don Carlos has announced that it is not his intention to impose a contribution upon the population of Bilboa when the place is taken.. On his entrance into the city he

will proceed to the Cathedral and be crowned King of Spain. He will swear to support the liberties of the people and will constitute a government with Gen. Elio as President of the Council. An appeal will be made to the Foreign powers to recognize the belligerance of the Carlists. He will declare Spaniards exempt from allegiance to any other government than his own. He will draw five million dollars as the first installment of a loan previously contracted.

The correspondent of the Daily News at St. Petersburg writes, under date of the 28th ult., that serious rioting has occurred in Eastern Poland in consequence of the closing of the churches by order of the government. At one place the disorder was so great that the military was called out and fired on the rioters and killed and wounded 70 persons.

FROM WASHINGTON.

Congressional News-Franking Privi lege Killed.

WASHINGTON, March 5-House. The franking privilege bill in all its phases, was defeated by a vote of 120

The contested election case from the Fifth District of Virginia, was decided. Davis, the sitting member, was ousted, and Thomas, the contestant, installed. Adjourned. The sub-Committee on Public Dwellings and Grounds, go to New York to-night to investigate the eight

hour law. The President signed the bill making the Revenue Cutter Relief, a boarding station in Mobile Bay. It is apprehended that the House Committee will report in favor of Eads Jetties as better than the Fort St. Phillip canal. The Southwest

have their war paint on in favor of the canal. SENATE. - Bayard's amendment that the whiskey trade commission shall not be composed exclusively of

prohibitionists. [Well, what became The centennial occupied the bal-

ance of the day. No action.

Weather Probabilities. WASHINGTON, March 5 .- For the WASHINGTON, March 5.—For the South Atlantic and Gulf States, cloudy and rainy weather and fresh to brisk easterly winds.

FLOWER SEED, FLOWER POTS, FRUITTREES. For sale and orders taken for at N. C. Book Store.

J. H. ENNISS, Agt.

Miscellaneous Items.

BUFFALO, N. Y., March 5 .- Yes terday the carpenters, painters, track hands and freight house employees of Erie Railroad stopped work and held an indignation meeting at night, which culminated in a general strike this morning, until such time as the railway company shall pay their back wages, due since January 1st.

PHILADELPHIA, March 5.-The old frigate Constitution was taken into the sectional dock this morning and then transferred to wayes in the dry dock. She is to be rebuilt. NEW YORK, March 5 .- Miss Ada

M. Noyes, a well known actress of Charleston, S. C., died to-day of hydrophobia, caused by the bite of a

Slight Railroad Accident. SAVANNAH, GA., March 5 .- The train on the Macon & Brunswick Road ran off the track, near Jessup. at 4 o'clock a. m. About sixteen persons were slightly injured, and several cars badly damaged.

August Madison, of Jersey City, N. J., attended a masquerade Monday night with a young woman to whom he was engaged. Jealous of the attentions paid her by a former lover, he went to an undertaker's office, where he was employed, and shot himself.

The success of the whiskey men at the polls in Paducah, Ky., Monday, is the first election held under the recent act of the Legislature obliging the city or county judge to submit the question of prohibiting the sale of liquor upon a petition of twenty citizens to a vote of the people.

The Cincinnati Inquirer offers to bet \$500 that no fashionable lady ever goes to bed without first looking in her glass, and we are willing to risk the same sum that no Cincinnati editorever goes to bed without drinking out of his. - Rochester Democrat,

Mr. James Parton says: "We must now accept it as an axiom that universal suffrage, where one-third of the voters cannot read the language of the country they inhabit, tends to place the scoundrel class at the sum-

mit of affairs.' It is said that Ristori desires one more season in the United States: also to act in Mexico, which is yet an untried field with her. She likewise

has designs on Australia and India. A Delaware physician some time ago grafted a piece of his own skin (white) on the body of negro, It grew, but in three months was as lack as the surrounding cuticle.

A charitable Brooklyn liquer dealer advertises a raffle for the relief of the Philadelphia centennial.

COTTON GINS.

TAYLOR GIN! which is acknowledged by those who have

MISCELLANEOUS.

The recent invention of J. B. UNDER-WOOD, of Fayetteville, N. C., is the great-LABOR SAVER OF THE AGE.

With ONE MAN and ONE HORSE, it does the work of from SIX to TWELVE men and from TWO to FOUR horses. It bars both sides, weeds, chops and dirts the cotton of the same time. After the chopping, it is converted into a most excellent

CULTIVATOR, for use throughout the season. It has take the Gold Medal at the Georgia State Fair, as the most important and latest improvement in Agricultural Implements, and the dark through the base has a contract. first premium everywhere it has been ex-hibited. It bears the highest testimonials

of its thorough, practical success.

Price of Machine with attachments,
\$35, and freight.

LAMPS AND HOUSE FURNISHING

DOUBLE ACTING FORCE PUMPS, Solid Porcelain, Iron, Brass or Bleck Tin Pumps. One Hundred Dollars Premium will be paid by me to be shown a family or factory pump to equal mine in general merit. Four years experimenting and perfecting the se Pumps, and twenty years steam milling and steam-boiling where pumps were of much consideration, enables me to guarantee entire satisfaction. I make two class of pumps, seven sizes, and a dozen different styles, to go by hand or power. These pumps, covered by letters patent, have taken the medal and premium over all domestic pumps in the State. Reen tested in over fifty fires and saved millions by extinguishing the fires on dwellings, cotton gins, saw mills, turpentine distilleries, tobacco and cotton factories, and not one overcome yet. Hundreds of those in wells eighty-five teet and under over three years, without even the expense of repacking.
